

# School for Law Studies, Homeland Security & Forensic Sciences

The school for Law Studies, Law Enforcement, Homeland Security and Forensic Sciences is the first school of its kind, in the “**WORLD**”. Miami-Dade County Public Schools and The City of Miami/Miami Police Department have joined forces to provide students with a one of a kind opportunity in the areas of law and law enforcement. The focus is to provide a rigorous education across all the content areas while tying in the programs career objectives. Students that are accepted into the program will have access to forensic science labs, courtroom labs, and computer simulation centers.

Students will have certification possibilities in a variety of areas before graduation. Students will also have the opportunity to attend dual enrollment programs with Florida International University, University of Miami and Miami-Dade Community College, and will also complete internships in their respective area of study. If you are ready to meet the challenges that these careers offer, we will prepare you to meet the academic and technical challenges to succeed and transition into your future career.
