ENVIRONMENTAL CRIMES DETAIL

STANDARD OPERATING PROCEDURES

LETTER OF PROMULGATION

To: All personnel of the Environmental Crimes Investigation Detail.

This S.O.P. is established to provide guidelines for the operation and management of the City of Miami Police Department's Environmental Crimes Investigation Detail.

Procedures incorporated into this S.O.P. are not meant to supersede, but to supplement published Departmental Orders. The Lieutenant in charge of the General Investigations Unit will arbitrate conflicts between documents.

Lt. Katherine Baker
Commander
General Investigations Unit

April 25, 2019
Effective Date
I. MISSION

To enforce environmental laws as well as other laws within the state of Florida, Miami-Dade County, and City of Miami. This will be accomplished by facilitating a cooperative effort between the police and the citizens who reside, work and visit the City of Miami.

II. GOALS

Investigate crimes against the environment along with the investigation of criminal violations concerning the illegal dumping of hazardous materials.

Work with internal units within the Miami Police Department as well as outside agencies concerning environmental crimes and/or violations.

To initiate operational plans of problem areas, to conduct educational and community related programs on Environmental Protection.

To enforce the Florida Litter Law, the illegal handling and disposal of hazardous materials, and federal environmental acts, laws and regulations.

Lt. Katherine Baker
Commander
General Investigations Unit

4/28/19
Effective Date
III. **OBJECTIVES**

To identify environmental crimes violators through investigative activities, calls for service, and patrol officer’s awareness.

To discourage and reduce the commission of offenses related to Environmental Crimes.

To educate department members as well as citizens of the City of Miami on Environmental Laws.

TAKE HOME RENTAL VEHICLES

S.O.P. 2

SUBJECT: Take home rental vehicles

PURPOSE: To establish directives to be adhered to by all Detail personnel assigned a take home vehicle.

SCOPE: In order to ensure that all take home rental vehicles are being utilized properly and in accordance with Departmental Orders, it will be necessary that the following directives be followed:

1. General responsibilities

   A. The Unit Commander shall have the authority to assign or deny any member the use of a take home rental vehicle.

   B. Vehicles may be driven to and from work and may be used for off-duty court appearances or special details approved by the Unit Commander.

   C. Vehicles may only be driven by a member of the Environmental Crimes Investigation Detail, unless emergency circumstances occur that require someone else to operate the vehicle.

Lt. K. Baker #0232
Lieutenant Katherine Baker
Commander
General Investigations Unit

4/25/19
Effective Date
D. Investigators assigned vehicles will restrict their use to the South Florida counties of Dade and Broward. Special permission must be obtained from the Unit Commander or his/her designee to expand this directive.

E. Investigators will operate their assigned vehicles in a responsible manner obeying all traffic laws. Investigators will not operate their vehicles while under the influence of alcoholic beverages or drugs.

F. Investigators will be responsible for all tickets issued during the performance of their duties.

G. Parking tickets will be dealt with immediately through established clearing procedures.

H. Any investigator who will be off for a period of two weeks or more shall notify his/her supervisor and/or Commanding Officer, who will make a decision regarding the vehicle’s status.

I. If an investigator is involved in an accident, the investigator will notify a Unit Supervisor, who will notify the Unit Commander. Each investigator will follow the procedures outlined in the Departmental Orders for motor vehicle accidents.

J. If a vehicle is involved in an accident outside Dade County, the Florida Accident Report shall be completed by the police department having jurisdiction. The investigator shall notify the Unit Commander and his/her immediate supervisor of said accident. The investigator shall comply at all times with the Departmental Orders regarding motor vehicle accidents.

II. Use and Maintenance

A. Investigators assigned a rental vehicle shall not utilize the vehicle for making routine traffic stops or high-speed pursuits.

B. Each investigator has a blue light which will be carried while operating his/her undercover rental vehicle.

C. Use of rental vehicles during take-downs involving other vehicles will be utilized at the discretion of the Unit Supervisors and/or Unit Commander.
D. It will be the responsibility of the investigator to maintain his vehicle, keeping it clean, and ensuring routine maintenance.

E. Investigators shall be responsible to see that all routine maintenance and general check-ups are done by notifying the rental company of necessary maintenance or repairs.

F. All assigned vehicles shall undergo preventive maintenance and general check-ups every 3,000 miles as per rental company procedures. It shall be the responsibility of the investigator to notify the rental company that a 3,000 mile inspection is required and to obtain a schedule for delivering the vehicle to the rental company.

G. Unit Supervisors shall be responsible for inspecting the vehicles of investigators under his/her command.

H. Investigators shall at all times operate their vehicles with reasonable prudence in order to maintain them at the highest degree of operating efficiency.

I. Investigators shall not leave city issued equipment in their rental vehicle overnight, nor should they leave city issued equipment in plain view when vehicle left unattended.

III. Purpose of Vehicle Program

STANDARD OPERATING PROCEDURES

CODE ENFORCEMENT INSPECTOR

S.O.P. 3

SUBJECT: Code Enforcement Inspectors

PURPOSE: To establish guidelines on working with the Environmental investigation Detail's attached Code Enforcement Inspector.

SCOPE: This S.O.P. covers procedures of the Environmental Crimes Investigation Detail Code Enforcement Inspector.

The Code Enforcement Inspector is attached to the Environmental Crimes Investigation Detail from the City of Miami N.E.T.

The Code Enforcement Inspector, although attached to the Environmental Crimes Investigation Detail, reports directly to the Chief of Code Enforcement. The Code Enforcement Inspector sends a daily activity report to the Chief of Code Enforcement. The Code Enforcement Inspector must follow the City Code while conducting his duties.

的有效日期

Lt. K. Baker # 5232
Lieutenant Katherine Baker
Commander
General Investigations Unit

4/25/19
Effective Date
While attached to the Environmental Crimes Investigation Detail, the Code Enforcement Inspector will issue fines on cases in relation to the City Code while working with the Environmental Crimes Investigation Detail Investigators.

The inspector takes pictures of the violation and determines if and which fine is applicable according to the evidence found, if any. The inspector retrieves any documentation available from the environmental crime scene for preparation of his case.

In an illegal dumping case where the inspector locates evidence from a dump pile that has a city address and is determined to be the origin of the dumper, the inspectors will make a copy of the evidence for his case file and the Environmental Crimes Investigation Detail will retain the original for further criminal investigation.

When the Code Enforcement Inspector writes a solid waste ticket or any other ticket pertaining to the City Code or the Zoning Ordinance in relation to Environmental Investigations, a copy must be forwarded to the Environmental Crimes Investigation Detail. The inspector is also responsible for maintaining a log or record of all his/her paperwork and cases in relation to the environmental protection investigations.

The Code Enforcement Inspector must submit written statements on any cases involving him/her directly as a witness or as an investigator and include it in the criminal case file.

Other duties of the Code Enforcement Inspector include, but are not limited to, surveillances, interviewing of witnesses and taking statements.

STANDARD OPERATING PROCEDURES

ILLEGAL DUMPING

S.O.P. 4

SUBJECT: Procedures for conducting illegal dumping investigations.

PURPOSE: To describe the necessary requirements and procedures for conducting an illegal dumping investigation.

SCOPE: This S.O.P. will outline the proper steps to be taken when information is obtained of a violation of law within the Florida Litter Law and which may necessitate investigation, opening of case files, arrests and post arrests investigations, filing with the State Attorney Office.

These are the investigation procedures of the Environmental Crimes Investigation Detail when handling illegal dumping cases residential or business. This is to be used only as a guide.

Lieutenant Katherine Baker
Commander
General Investigations Unit

4/25/19
Effective Date
When first identifying a dump/pile site, the unit will proceed in the following manner:

1. Search for any evidence that may lead to the origin of the dumper.
2. If that evidence is found, the Code Enforcement Inspector will issue a civil fine.
3. An Investigator will request a case number from the dispatcher and complete an incident report.
4. An Investigator will then take pictures of the pile.
5. Measurements of the pile shall be: Length x Width x Height = Cubic Square Feet
6. Determine if the case is a felony or a misdemeanor.
7. Any illegal dumping over 100 cubic feet, weight of over 500 lbs, any hazardous materials, any construction debris of any size or amount, any dumping of any size or content from a commercial vehicle all constitute a felony under Florida State Statute 403.413 Florida Litter Law.
8. Any illegal dumping of under 100 cubic feet but over 27 cubic feet, more than 15 pounds but under 500 pounds, other than industrial or hazardous waste, will constitute a Misdemeanor of the first degree, Florida Litter Law Statute 403.413.
9. An Investigator will determine the presence of any hazardous wastes, construction materials, etc.
10. Using the evidence extracted, the investigator will attempt to identify any witnesses in the area that may have seen the illegal dumper.
11. If there are no witnesses, the Investigator may proceed to contact the source of the dump from the evidence obtained and by conducting interviews.
12. If the Investigator makes contact with the person responsible for the dumping, the Investigator may interview the subject after reading Miranda Rights. All sworn statements will be recorded and/or written.
13. If a confession is obtained based on the information given and meeting all the elements of the case, an arrest will be made.
14. A background check of the subject or business should be obtained and included in the case file.
15. The subject may be brought to the station for processing of paperwork and photos. “Environmental Crimes” will be written on top of all reports, arrest forms and on the pink copy.
16. The Investigator does not call for a pre-file. The State Attorney’s Office automatically sets the pre-file for the Investigators when they receive the arrest reports.
17. The Defendant will be transported to Jail.
18. The Investigator will then prepare a case file, preferably electronic, which will include all 301’s, arrest reports, cost recovery, pictures of evidence, recordings, fines, statements, etc. The case file will be utilized for the pre-file conference and all other criminal/civil proceedings.
19. On post arrests, arrangements will be made with solid waste for the pick up of the dump pile. The Solid Waste Department will issue a fee to the Defendant for the pick up.

20. When arrest is made, and the case is closed, the Investigator will classify the case as “Closed by Arrest.”

21. When the case is still open the Investigator will classify the file as “Pending Further Information.”

22. In cases where a witness calls police but has no tag information or subject information, cannot identify the subject, the subject does not admit to the dumping and there is no evidence found, the case is classified as “No Further Information.” The area will be monitored for any future dumping.

23. In cases where the witness has seen a subject and that subject has been tracked down by the Investigator and the subject does or does not admit to the dumping, a picture should be taken of the subject and a photo line-up has to be prepared to show to the witness for identification purposes.

24. In cases where witnesses, inspectors, or patrol officers come into contact with a dumping in progress prior to the arrival of the Detail members, a statement from the inspector, officer and witness should be obtained to determine if there is a case or not and include it in the case file for the prefile where they should be present.

25. In cases where the Environmental Crimes Investigation Detail comes in contact with an illegal dumping in progress.

26. In cases where a vehicle is used in a dumping and the defendant is the owner, a V.I.P. package will be prepared. If the defendant is not the owner, a regular tow will be done.

If there are any questions regarding issues of environmental crimes, contact the State Attorney Office Environmental Crimes Unit who would forward the investigator to the on-call State Attorney or Chief Prosecutor.

III. Interviews and Interrogations:

A. Statements shall be obtained in a constitutionally correct manner to preclude inadmissibility due to insufficient warning. In every instance where warnings are applicable, the full warning shall be read from a prepared text and, if practicable, signed by the suspect.

B. If circumstances necessitate that constitutional warning be given verbally, the investigator shall note time, date and location where the rights were given and included this information in the appropriate case report.

C. When confessions are recorded:

1. An introduction shall be given by the investigator stating date, time, location, and case number.

2. Inform the subject or witness that the statement is being recorded and have it acknowledged on tape.

3. Constitutional rights shall be read by the investigator.

4. The subject shall be asked to identify him/herself stating name, residence address, phone number, date of birth, and place of employment.
D. When witness statements are tape recorded, they shall include all of the above basic information, except the reading of the constitutional rights.

IV. Collection of Physical Evidence:

A. All evidence collected shall be obtained in a constitutionally correct manner.

B. Collected evidence shall be properly described and identified on a property receipt form with the chain of custody documented.

C. All property and/or evidence shall be turned in to the Property Unit prior to the end of the tour of duty.

V. Criminal Background Investigations:

A. Investigators frequently conduct criminal and background investigations that relate to criminal activity, vice related offenses and/or the licensing of businesses.

B. An employee shall not participate in an unassigned investigation, regardless of source, which is unusual, protracted, or not in the employee’s normal course of duties without approval of a supervisor in his/her chain of command. Such approval shall be requested in advance and in writing when possible, or at the earliest practicable time after initiation of the investigation.

C. The Lieutenant determines whether criminal activity is involved and if evident, the extent of such activity.

D. Sources of information:

1. Police reports, warrants and citation/summons
2. National Crime Information Center/Florida Crime Information Center computer systems

7. Public records
8. Public utilities
9. Crime Analysis systems

E. Information for an investigation may be obtained from the following:

1. Booking photographs: This file contains photographs of arrested persons to which a police identification number has been assigned and is maintained by the Miami-Dade Police Department (MDPD). Officers who request copies of photographs shall furnish the following:

   a. Subject’s name
   b. Miami-Dade County Jail Number and Criminal Identification Number
   c. Physical description data
   d. Number of photographs desired
   e. Requester’s name, station, or section of assignment and the telephone number
   f. Method of pick up (personal, email or mail).

   Photographs in the file may be used for construction of a photograph line-up to be viewed by crime witness/victims.

2. Criminal History Files: Criminal History Files consist of arrest records of subjects booked at Miami-Dade County correctional facilities. A file is maintained on each person arrested. Information may be obtained by providing the subject’s name, race, sex, and date of birth or approximate age. Officers may obtain copies of a Miami-Dade County jail booking record or Complaint/Arrest Affidavit. Copies of the Federal Bureau of Investigations Record may also be obtained.

3. Nickname or Street Name File: This file contains nicknames and street names of subjects that have come to the attention of the department. Information may be retrieved from the CARE computer system.

4. Photographs from Driver License Files:
Photograph from Driver and Vehicle Information Database (DAVID) may be obtained through computer access.

F. Disposition of Information:

1. The investigation may have as its goal an arrest, the filing of charges with the State Attorney’s Office or U.S. Attorney’s Office, or the development of intelligence information.

2. Information collected will be reviewed periodically by the lead investigator and the Unit Supervisor and discussed with the State Attorney’s Office. A decision will be made regarding the continuation and direction of the investigation.

3. The purging of criminal and intelligence information will be done in compliance with the department’s schedule of retention, pursuant to Florida Statutes.

G. Surveillance:

1. Investigators shall not violate the right to privacy, or other constitutional rights, of an individual while conducting a surveillance.

2. A complex or long-term surveillance requires the approval of the appropriate investigative Unit Supervisor, while legal authorization may be required for an electronic surveillance.
