

Create a Digital Signature

When you select the signature box you will be prompted to Sign with a Digital ID:

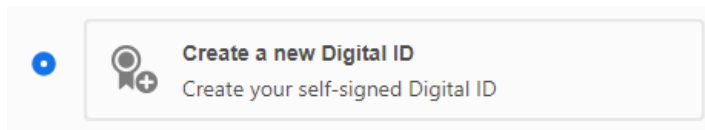

A dialog box titled "Sign with a Digital ID" with a close button (X) in the top right corner. Below the title bar, there is a text prompt: "Choose the Digital ID that you want to use for signing:". To the right of this prompt is a "Refresh" button. Below the prompt, there is a list of digital IDs, each with a small icon and a text label, but the text is partially obscured by a grey bar.

If you already have a digital ID, you can select it from the drop down box. If not, select the 'Configure New Digital ID' button:

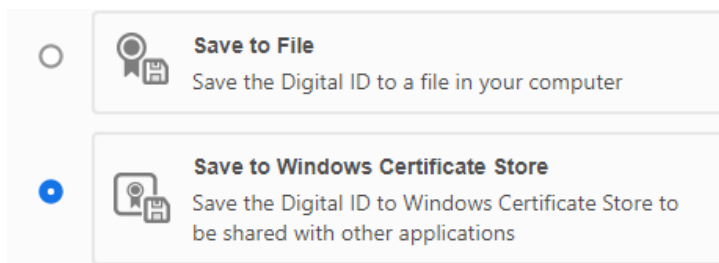

Three buttons are displayed in a row: "Configure New Digital ID" (outlined), "Cancel" (outlined), and "Continue" (solid blue).

Select the 'Create a new Digital ID' option:

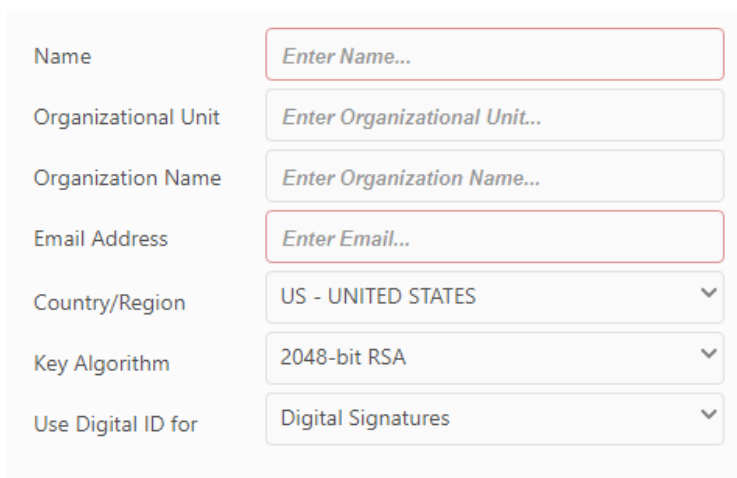

A list item with a blue radio button, a circular icon containing a ribbon and a plus sign, and the text "Create a new Digital ID" followed by "Create your self-signed Digital ID".

Select where you want to save the new Digital ID:

Two list items are shown, each with a radio button and a circular icon containing a ribbon and a document. The first item is "Save to File" with the description "Save the Digital ID to a file in your computer". The second item is "Save to Windows Certificate Store" with the description "Save the Digital ID to Windows Certificate Store to be shared with other applications". The second item is selected with a blue radio button.

Fill out the required information to create a new Digital ID:

A form with seven fields, each with a label on the left and a text input or dropdown on the right. The fields are: "Name" (text input with placeholder "Enter Name..."), "Organizational Unit" (text input with placeholder "Enter Organizational Unit..."), "Organization Name" (text input with placeholder "Enter Organization Name..."), "Email Address" (text input with placeholder "Enter Email..."), "Country/Region" (dropdown menu with "US - UNITED STATES" selected), "Key Algorithm" (dropdown menu with "2048-bit RSA" selected), and "Use Digital ID for" (dropdown menu with "Digital Signatures" selected).
