Subject: **THREE CARJACKING SUBJECTS ARRESTED**

Miami Police Arrest Three Subjects in Armed Robbery and Carjacking Case.

The Miami Police Department has arrested three subjects in connection with an armed robbery and carjacking that occurred on July 19, 2024, at 444 Brickell Avenue.

The victims, who had met one of the subjects, Reynaldo Diaz, on social media, and went out together that night, were lured to the parking garage of 444 Brickell Avenue under the pretense of assisting Subject Diaz with car trouble he alleged to have. Once there, they were ambushed by masked and armed subjects who demanded their belongings and struck them over the head with firearms. Subject Diaz fled in his vehicle while the robbery and carjacking was taking place.

The subjects fled the scene in the victims' vehicle, which was later recovered by police, and the victims' belonging valued at over \$100,000. Through investigative efforts, detectives identified the three subjects and discovered that they were already in custody in Connecticut for an unrelated case involving charges of armed kidnapping and carjacking.

Arrest warrants have been filed, and the subjects will face charges of armed robbery, armed carjacking, and aggravated battery. The Miami Police Department commends the diligence and dedication of its detectives in solving this case and bringing the perpetrators to justice.
